August 2018

Dear Music Teacher,

The Grainger Wind Symphony is proud to announce the launch of its 2019 Young Players Scholarship and invites you and your Year 12 students to join us in celebrating community music in Melbourne.

The Grainger Wind Symphony Young Players Scholarship

The Grainger Wind Symphony Young Players Scholarship is an annual scholarship open to young woodwind, brass, percussion and string bass players. The scholarship seeks to encourage talented young musicians to pursue their interest in wind music beyond secondary school. By raising awareness of the strong community music scene in Melbourne, the Grainger Wind Symphony hopes to engage a whole new generation of musicians in this proud tradition.

Opportunities for your students

Every music teacher hopes to instill in their students a love of music that is carried beyond the boundaries of school life. Why not give your students the very best of opportunities and help them carry their passion forward to post-secondary school life? The Grainger Wind Symphony Young Players Scholarship is the ideal platform for your high-achieving students to practice performing before a panel, become accustomed to the audition process and receive feedback on their performance, whilst encouraging them to continue pursuing music beyond secondary school.

Opportunities for your school

Each successful applicant will perform a solo work in one of Grainger Wind Symphony's upcoming concerts. To help support the school that has supported them, we will provide 20 complimentary tickets. What better way is there to engage your up-and-coming players and re-ignite their passion in music than seeing someone they look up to performing alongside a top ensemble?

For more information, please visit our website at www.graingerwindsymphony.asn.au where copies of the application form can be downloaded.

The closing date for applications is Wednesday 12th September 2018 with the audition date on Sunday 23rd September if selected.

Regards,

Roland Yeung

**Music Director and Principal Conductor
