

The Grainger Wind Symphony Inc.

Important Information for Rehearsals in 2021

As at 10 February 2021

REHEARSAL VENUE

Blackburn High School
60 Springfield Road, Blackburn North

Please note that the Williams Road car park we normally use is permanently closed.

ENTRY

The Entry gate is 60 Springfield Road, not Williams Road. (Google Maps is correct).

- For cars, the large gate nearest the traffic lights of Springfield and Williams Road - For pedestrians, the gate is alongside the large gate closer towards the corner.

Also on a Wednesday night there is a Netball group hiring the new outside covered area. They start at 7.30pm, but probably park further inside the school grounds.

The main entry gates will automatically be open before 7.00pm and remain open and will automatically close at 8.30pm.

Late entry can be arranged by calling mobile phone number of a committee member who will come and open the gate. The large gate for vehicles will require a key. The pedestrian gate requires a press of the black button used for exiting.

TO GET TO THE MUSIC CENTRE

Next to the General Office area (which is the Eastern end of the front buildings) there is a breezeway, with pedestrian crossing painted on the road in front of it. Walk right through the breezeway, through a large courtyard, past the roundabout, down the steps veering left towards the Music Centre.

Enter the Music Centre via the grey double doors that should be in front of you. The committee will open the building by 7.15pm.

COVID SAFETY PLAN

Upon entry, all people must follow the COVID-19 management protocols for the safety of all players. They may change according to advice from the Department of Health and Human Services and the Department of Education and Training.

EXITING

If as a pedestrian, leave by the same Pedestrian gate located on the right of the large entrance gate, which automatically locks at 8.30pm. When at the Pedestrian gate, press the black button to exit and ensure the gate closes behind you.

If leaving with your car, drive your car to the Exit Gate, the next large gate to the left. As you approach the gate stop your car over the red rectangle marked on the roadway. The Exit gate will automatically open and close soon after.

The last GWS person to leave will need to communicate with the person in charge of the Netball group to ensure they are the last out to lock the breezeway gate.
